MEN'S TOURING 2019 RIDING GEAR

AVAILABLE IN SEPTEMBER 2018

For all details, see the virtual catalog ▸

OXYGEN

The world's most technically advanced snowmobile helmet. Better field of vision than any other modular helmet on the market - 16% more heated surface area for an even larger fog free field of view. Built with advanced M-FORGE® Composite technology, OXYGEN is lighter than the previous leading helmet. Temperature is managed through a remote control, and with a rider controlled air flow chamber. There's no need for a bothersome breath mask.

NEW OXYGEN Helmet
